

V. Tenure-Line Faculty Departure and Retention Study

FEC Chair received a report from ADoF Oscar concerning tenure-track faculty retention. FEC will read it before our next meeting and will discuss it with respect to its content and strategies for engaging the faculty as a whole.

VI. Strategic Planning questions from DoF

FEC Chair received a document from DoF Dorothy regarding strategic planning. (This is something that Chairs and Program Directors discussed last month and were tasked with bringing to their faculty.) FEC will read it before our next meeting and will discuss it with respect to its content and strategies for engaging the faculty as a whole.

VII. Other events this semester

FEC's faculty-only meeting has been confirmed for November 15 in Emerson. FEC Chair will announce to faculty.

FEC's Committee of Committees meeting is awaiting room confirmation. Incidentally, it was noticed that FEC's Operating Code does not include CAS among the invitees of these meetings. FEC member will reach out to CAS to determine if this is an oversight.
