Position: HF President

Major: Health and Human Biology, Physics, and Chemistry

Hometown: Newburyport, MA

Message to HF community: "I'm so excited to be able to help lead the Honors Forum along with my amazing Executive Committee and am hoping to increase the participation for HF events and the sense of community within HF. While we all have a common goal of increasing our personal academic rigor at Skidmore, I believe we can create a fun and beneficial community for students who are looking for a place where they can take on leadership positions. I am more than happy to take any suggestions about HF throughout the year and hope to get to know all the incredibly talented and ambitious people here."
